NEUROAIM Tablet

Mecobalamin – 500 mcg

نیوروائیم ٹیبٹس
(میکوبالامین ۵۰۰ ایم سی جی)

Active Ingredient: Mecobalamin (Methylcobalamin) 500 mcg per tablet.

Indication:

Neuroaim is used to treat:

- Vitamin B12 deficiency
- Peripheral neuropathy (nerve damage causing numbness, tingling, burning, or pain)
- Diabetic neuropathy
- Megaloblastic anemia due to vitamin B12 deficiency

How it works

Mecobalamin is an active form of vitamin B12. It helps repair damaged nerves, supports nerve function, and promotes normal red blood cell formation.

Precautions:

Do not take if you are allergic to mecobalamin, vitamin B12 products, or any ingredient in the tablet.

Tell your doctor if you:

- Are pregnant or breastfeeding
- Have kidney or liver disease
- Don't take along with metformin, chloramphenicol, or other medicines that may affect vitamin B12 levels.

Dosage:

- Usual adult dose: **1 tablet (500 mcg) three times daily**, or as directed by physician.
- Can be taken with or without food.

Side effects:

Most patients tolerate **Neuroaim** well. Side effects include:

- Nausea
- Diarrhea
- Loss of appetite
- Skin rash or allergic reactions

Storage

- Store below 30°C.
- Protect from moisture and light.
- Keep out of reach of children.

Presentation:

Neuroaim tablets are supplied in 2x10 and 10x10 blister pack

Manufactured by:
Aims Pharmaceuticals
Plot # 291, Industrial Triangle
Kahuta Road, Islamabad - Pakistan.
